コースへのアクセス

購入したコースはMy activityで確認できます。(以下の例は、RH124のコースページとなります。)

The screenshot shows the Red Hat Learning Subscription dashboard. At the top, there is a navigation bar with links for Home, Catalog, Reports, Community, and Help. The main content area features a banner for a "New Red Hat OpenShift Virtualization course" with a "VIEW COURSE" button. Below this, the "My activity" section displays a card for "Red Hat System Administration I" with a "Continue" button. To the right, the "My live events" section indicates no events are scheduled and includes a "View catalog" button. A "Discover and plan" section offers links for "My training", "Catalog", "Skills Assessment", and "Ready to unlock more?".

My activityにある[続行]を押すとコースの概要が見えます。

This close-up shows the course details card for "Red Hat System Administration I". It includes a play button icon, the course title, and two clock icons indicating "学習時間: 4mins" (Learning time: 4mins) and "ラボ利用時間: 0mins" (Lab usage time: 0mins). A progress bar at the bottom shows 1% completion, and a red "続行" (Continue) button is located in the bottom left corner.

カタログ

上部に表示されている[カタログ]をクリックするとRHLSの提供コースを確認できます。

RHLS Courseサブスクリプションに含まれないコースはグレー表示されます。

フィルタを使用して[Available to me]を選択すると、購入されたサブスクリプションに含まれるものが表示できます。

The screenshot displays a catalog interface with a dark sidebar on the left and a main content area on the right. The sidebar, titled "Catalog", includes a "Filters" section with a search box for "Search offering titles" and a "Sort by - Title: Ascending" dropdown. Below this, the "Available to me" filter is selected and highlighted, showing a count of 85. Other filter categories like "Delivery formats", "Products", "Topics", "Audiences", "Levels", and "Languages" are listed with right-pointing chevrons.

The main content area shows search results for the "Available to me" filter. At the top, it indicates "Results 85" and "Available to me 85" with a close button. The results are displayed in a grid of four cards:

- Expert extra** (blue header): "Accesso remoto via ssh" (ID: EXP5324), Red Hat Enterprise Linux, Linux Platforms, View →
- Technical overview** (green header): "Ansible Basics: Automation Technical Overview" (ID: DO007), 2h, Red Hat Ansible Automation Pla..., View →
- Technical overview** (green header): "Containers, Kubernetes and Red Hat OpenShift Technical Overview" (ID: DO080), 2h, Red Hat OpenShift, View →
- Expert extra** (blue header): "Different ways of creating files" (ID: EXP5311), Red Hat Enterprise Linux, Linux Platforms, View →

[Certification Exam]を選択すると、すべての認定試験の中から、受験を希望する試験を1つ登録できます。試験1回無料、再受験権も1回無料です。

The screenshot displays a user interface for a course catalog. On the left is a dark sidebar with the following sections:

- Catalog**
- Filters**
- Search**: A text input field labeled "Search offering titles".
- Sort by - Title: Ascending**: A dropdown menu.
- Available to me**: A checked checkbox with a count of 35.
- Delivery formats**: A dropdown menu with the following options:
 - Lesson: 0
 - Course: 0
 - Certification Exam: 35** (highlighted with a mouse cursor)
 - Tech Overview: 0

The main content area shows a grid of exam results. At the top, there are three filter tags: "Results 35", "Available to me 35 X", and "Certification Exam 35 X". The grid contains four exam cards, each with a "View" link:

- Exam 1**: Preliminary Exam in OpenShift Applications (PE180). Includes a "PE180" tag and "Red Hat OpenShift".
- Exam 2**: Preliminary Exam in Red Hat System Administration I (PE124). Includes a "PE124" tag and "Red Hat Enterprise Linux".
- Exam 3**: (Title partially obscured)
- Exam 4**: (Title partially obscured)

[Exam Experience]をチェックすると、認定試験に備えるための概要が確認でき、試験を受ける前の導入経験として役立てることができます。

The image shows a user interface for filtering and viewing exam experiences. On the left is a dark sidebar menu with the following items:

- Search: Search offering titles
- Sort by - Title: Ascending
- Available to me: 4
- Delivery formats (expanded):
 - Lesson: 201
 - Course: 162
 - Certification Exam: 35
 - Tech Overview: 14
 - Comprehensive Review: 8
 - Exam Experience: 4** (highlighted)
 - Early Access: 19
 - Expert Extra: 148

On the right, two cards are displayed under the heading "Exam experience":

- Card 1:** Red Hat Test Exam Experience (XE001). It shows a progress bar for "Used: 0/2" and a "View →" link.
- Card 2:** Red Hat Test Exam Experience (XE002). It shows a progress bar for "Used: 0/2" and a "View →" link.

カタログで[Available to me]と[Course]を選択する。購入したコース以外が表示されることもありますが、購入したコースを選択し[Go to Class]を選択ください。ここではRH124とRH134が表示されていますが、購入したRH124を選択して進める必要があります。

The screenshot shows the Red Hat course catalog interface. On the left is a dark sidebar with filters: 'Available to me' (2), 'Course' (2), and 'Certification Exam' (0). The main area shows search results for 'Red Hat System Administration I' (RH124) and 'Red Hat System Administration II' (RH134). Each result card includes 'Dates available', '25h' or '30h', 'Beginner' level, and 'Red Hat Enterprise Linux' content. 'Go to class' buttons are visible at the bottom of each card.

右上にある[スケジュール]を選択する。

Red Hat System Administration I

The screenshot shows the course page for 'Red Hat System Administration I'. The 'Live class (0/1)' tab is active. A 'Schedule' button is in the top right. The 'Class scheduling information' section lists rules for booking live classes. A video player for 'Course Intro' is on the right. Summary statistics include: Estimated duration: 25h, Guided exercises: 31, Quizzes: 14, and Videos: 92.

Class scheduling information

- Booking reserves the complete class from the start date to the end date.
- Each live class begins at the same time each day.
- Your subscription includes up to two live class reservations per course in total.
- You can schedule each course's live class twice at most, but not simultaneously.
- To schedule another class after reaching your two-reservation limit, first cancel an existing reservation.
- Cancellations are accepted up to 14 days before the class start date.
- Missed classes without timely cancellation will count toward your two allowed reservations.

You may attend this class up to 1 times
No live virtual class scheduled yet. Click the 'Schedule' button to book your class.

Estimated duration: 25h

Catalog > Live classes for rh124

Red Hat System Administration I

Scheduling

- Clicking Schedule will enroll you in the complete live class, from the start date through the end date.
- Each live class begins at the same time each day, unless specifically noted by your instructor.
- Your subscription allows you to attend this live virtual class no more than 1 times.
- Cancelling or rescheduling a class is accepted up to two weeks before the class start date.
- Missing your scheduled class without timely cancellation will count towards your allotted class attendance limit for this course.

Important notes

Please be aware that the labs for your live virtual class are separate from your self paced labs. You must start and utilize your class labs to receive instructor assistance during your event. Lab environments should be launched and created at least 30 minutes prior to class start time to ensure that the systems are ready for use and available at the class start. Your labs for this class will be available from the class page. The class page is only accessible once you've scheduled your individual class. Access the class page by clicking View from your live events pane on your home page. Labs can only be started during the class week, and will only be available until the class end date.

Watch the overview video:

Description

Red Hat System Administration I (RH124) is designed for IT professionals without previous Linux system administration experience. The course provides students with Linux administration "survival skills" by focusing on core administration tasks. Red Hat System Administration I also provides a foundation for students who plan to become full-time Linux system administrators, by introducing key command-line concepts and enterprise-level tools. These concepts are further developed in the follow-on course, Red Hat System Administration II (RH134).

Starts Monday, Feb 16, 2026, 10 AM EST
Attending a class is available from 15 minutes prior to scheduled start time up until it's marked completed by the instructor.

Ends Friday, Feb 20, 2026, 6 PM EST

Duration 5 days

Language en-US

Version 10.0

Important notes

Lab environments should be launched and created at least 30-45 minutes prior to course start time to ensure that the systems are ready for use and available at course start time.

After the lab environment is in a running state, you should extend the "auto-stop" timer to 4 hours so that it will last for the entire duration of the session plus a little bit longer. If you reset any machine in the lab environment, the auto-stop timer will reset back to the default time and will need to be extended again.

Class days

Day 1 Day 2 Day 3 Day 4 Day 5

Estimated duration: 25h

Guided exercises: 31

Quizzes: 14

Videos: 92

Products: Red Hat Enterprise Linux, Red Hat Application Foundations

Audiences: System Administrator, Developer, Platform Engineer

Topics: Linux Platforms, Container Platforms, Cloud Services

Associated certifications: [ex200](#)

ライブバーチャルクラスの日程を変更する

スケジュールされたクラスを変更する必要がある場合、できるだけ早く再スケジュールを行う必要があります。コースによって前後することがありますが、クラス開催7日前までクラスの登録は可能です。ただ、**再スケジュールやキャンセルに関しては開始日の14日前を過ぎるとできません**。適切なタイミングでキャンセルせずに欠席した授業は、ライブバーチャルクラス1回分消費されます。
